Terms & Conditions

- Once order is placed cannot be cancelled.
- Fit of the appliance can be assured only on the working model.
- Any special design /modification should accompany with a drawing.
- Best & accurate model results accurate appliance.
- Any adjustments/repair/repeat of the appliance should accompany with old appliance.
- No replacement guarantee for any extra oral devices.
- Price of extra oral devices may change according to the price change of the supplier.
- All payment should make on or before delivery of appliance.
- Lab is not responsible for fitting due to teeth erupting or non-wearing of appliance.
- Lab is fully responsible for manufacturing defect if it reports within 15 days of bill date. Any day after that will considered as new case.
- No replacement guarantee for any extra oral devices provided by us, permitted only if the manufacture replaces.
- Essix retainer (clear retainer) not be repeated. It is made with help of pressure molding machine and the best material, ill-fitting can be only because of poor impression or teeth relapse, however the poor fitting due to relapse can be recovered by asking the patient to use it forcefully to get the teeth back in alignment. Extra oral devices and accessories like headgear, Hyrax screw etc. Charges as per the supplier's price list. We don't have any control over that. Ill-fitting of appliance due to teeth eruption, poor patient co-operation, bad model sent for fabrication, impression defects etc. the lab is not responsible for it or replacement will not be entertained in such cases.

Credit Policy & Guidelines

- **Clinic-Patient Payment Responsibility:** The lab is not responsible for any payment issues between the clinic and the patient. Patient payment delays cannot be used as a reason for lab payment delays. To avoid confusion, we strongly recommend collecting the appliance fabrication fee from the patient before placing an order with us.
- **Ensuring Quality & Accuracy:** To ensure precise and high-quality appliances, please verify the model's accuracy before sending it to the lab. Check for tooth breakage, cast damage, air bubbles, or impression warpage, as these issues may result in delays.
- **Payment Processing:** All payments must be made to *Sarva Horizon*. Payments will only be acknowledged with a valid receipt featuring *Sarva Horizon's* official hologram. The lab is not responsible for any payments made without this official proof.

About Ortho Care Dental Lab

Ortho Care Dental Lab is a leading Pedodontic, Orthodontic, and Dentofacial Orthopedic laboratory committed to providing high-quality, customized dental appliances. With **over 13 years of expertise**, we specialize in fabricating a wide range of orthodontic solutions, from simple Hawley's retainers to advanced functional appliances and clear aligners.

Commitment to Quality

At Ortho Care Dental Lab, we prioritize precision, durability, and patient comfort. Each appliance is crafted after a thorough study of the cast, case, and treatment plan, ensuring that it meets the specific needs of both dental professionals and their patients. Our lab follows international standards and employs cutting-edge techniques to produce cost-effective yet high-quality appliances.

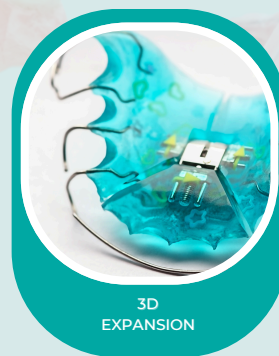

Why Choose Ortho Care Dental Lab?

- ✓ **Expertise** – Over 13 years of experience in orthodontic and dento-facial orthopedic appliance fabrication.
- ✓ **Customization** – Every appliance is tailored to the individual patient's requirements.
- ✓ **Quality Assurance** – Stringent quality control ensures high precision and reliability.
- ✓ **Affordability** – Premium appliances at competitive prices.
- ✓ **Timely Delivery** – Understanding that time is crucial in dental treatments, we ensure prompt delivery.

Sales & Distribution

For Bangalore-based dental professionals, Sarva Horizon is the exclusive sales and distribution partner for **Ortho Care Dental Lab**, ensuring seamless access to our high-quality appliances.

With Ortho Care Dental Lab, you can be assured of reliable, superior-quality orthodontic solutions designed for optimal patient outcomes.

Welcome to Sarva Horizon

Sarva Horizon is the exclusive sales and distribution partner for Ortho Care Dental Lab in Bangalore, ensuring that high-quality Pedodontic, Orthodontic, and Dentofacial Orthopedic laboratory solutions are accessible to dental professionals

Why Choose Us?

With over 13 years of expertise in orthodontic and dento-facial orthopedic appliance creation, Ortho Care Dental Lab has been a trusted name in the industry. Our appliance range includes everything from simple Hawley's appliances to advanced functional appliances and clear aligners. Each appliance is carefully crafted to meet individual patient requirements, ensuring international quality at budget-friendly pricing.

What Sets Us Apart?

At Sarva Horizon, we understand the value of precision and time in dental practice. Our goal is to provide customized orthodontic solutions that combine high quality with affordability. Unlike mass-produced, low-quality alternatives, every appliance undergoes a detailed study of the cast, case, and treatment plan before fabrication. This ensures that Ortho Care Dental Lab appliances meet the highest standards of durability, functionality, and patient comfort.

With our strict quality control process, we guarantee that our solutions are tailored to meet your exact specifications.

For premium orthodontic and dento-facial orthopedic appliances in Bangalore, trust Sarva Horizon – your reliable partner in dental excellence.

“ All the mentioned dental appliances are custom-made products manufactured by **Ortho Care Dental Lab** based on specific patient requirements and dental prescriptions. These appliances are designed for professional use only and should be prescribed, fitted, and monitored by a licensed dental or orthodontic professional. Ortho Care Dental Lab is not responsible for any misuse, improper fitting, or adverse effects resulting from unauthorized modifications or incorrect usage. No refunds or replacements will be provided for appliances once fabricated, except in cases of manufacturing defects reported within the stipulated time. ”
